MERRY CHRISTMAS.

To everyone who settles his old subscription account or makes a new one between now and Christmas, we will give as a premium the *Continental* magazine, a handsomely illustrated journal published monthly. This applies to both daily and weekly, but not to club rates.

LET THEM FIGHT.

The Democrats of Buffalo, New York, have got into a controversy which bids fair to end in the nomination of two Democrats for Mayor. The *Courier* of that city, an influential Democratic organ, refuses to take any part in the quarrel. It says: "Such of the disinterested onlookers as are getting impatient to see the *Courier* take off its coat and make a fool of itself by striking into the row may as well move on. We shall not shed any gore; nor shall we treat either of the distinguished citizens in whose interest this ruction has been raised as a villain and a traitor to the State." Of course the Republicans are pleased at the outlook, claiming that unless the breach is healed they will elect not only their Mayor but the State Senator and three Assemblymen.

EDITORIAL NOTES.

There are many suggestions relative to increasing the demand for silver dollars. A very sensible one proposes the suppression of the one and two-dollar notes seems to be the most feasible. If these notes were out of the way, a vacuum would be created for about \$69,000,000 of silver. The objection raised against the suppression of the small notes—that without them we should have nothing with which to make small remittances in letters—has been removed by the introduction of the postal notes.

Massachusetts Democrats are predicting Butler's defeat by 20,000. They will allow him to be beaten because if he is elected he will appear before the Democratic National Convention and demand a nomination for President. Butler ought to be able to derive a grim sort of satisfaction from the spectacle of the leaders of a great political party running away from him at the top of their speed lest he make a sudden grab and kidnap the whole party.

Large contracts are being carried out in English shipyards, and the greatest activity is being shown in their execution. The ships in course of construction are all of the war class, and of great fighting power. The work is being pushed because it is said in Government circles that early additions to the navy are of vital necessity in view of the French and Russian activity.

In Ohio it is reported that Pendleton and Thurman have effected an arrangement under which Pendleton is to be returned to the Senate and do all he can to procure Thurman's nomination for President.

The Grand Jury of Onondaga county, New York, has indicted all newsdealers who sell the "Police News," "Police Gazette" and "Week's Doings," classing them as obscene prints.

It is hinted that the man who robbed Storey county, is the same one who wrote beautiful snow.

TELEGRAPHIC BREVITIES.

The Sonora and Milton stage was robbed this morning by a single highwayman of \$4,713.
The German press generally regard Protokowski, who stated he was sent by Russian Nihilists to kill Bismarck, as an impostor or a lunatic.
Thirty Italian Anarchists were expelled by force from the International Labor Conference at Paris. One of the principal features throughout the Conference has been the prominent attitude of English female orators.

EASTERN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

O'Donnell's Counsel.

CHICAGO, November 3. At a meeting of Irishmen on the 15th of last month, resolutions were passed instructing the Chairman to communicate with the State department of the United States with the view of securing and sending instructions to the American Consul at London to use his influence toward securing an impartial trial of O'Donnell, an American citizen, on the charge of the murder of the informer Carey, and ask the courtesy of a relaxation of the rules practiced before the British Courts, to the extent of allowing an American to act as O'Donnell's counsel. In reply a letter has been received from Secretary Frelinghuysen, in which he says, in the event of its being ascertained that Patrick O'Donnell is an American citizen, he will receive from the Executive Department of this Government all the protection he is entitled to, in harmony with the request of the resolutions you enclose. It is not in the power of this Department to ask a modification of the rules of the Court in a particular pending case. Heads, in case that the English Court should need any assurance of the high standing of the counsel sent from this country the American Minister will be instructed to give assurance of their standing.

Will Allow Commissions.

CHICAGO, November 3. While the representatives of the Trans-Continental Association were waiting to hear from G. W. Ristine, in regard to his acceptance or rejection of the Commission of that association, to which he was elected yesterday, the general passenger agents of the Pacific lines and their eastern connections, met to-day and took up the mooted question of paying commissions, and it was decided to allow a commission of three dollars on first-class, and two dollars and fifty cents on second-class tickets on Pacific coast business only, and none on other business.

Influencing the Apaches.

DEMING, N. M., November 4. The reason that the Chiricahua Apaches did not come onto the reservation after Crook made peace with them is now attributed to the actions of a certain clique, who profit by Indian troubles. It is affirmed that they sent their emissaries to the hostiles, prevailing on them not to come. On two occasions the entire band would have crossed the line, but the mysterious influence which the Indians had upon them and the Indian disturbances prevented their further approach.

Four Men Drowned.

ELIZ, Pa., November 2. This city is much excited to-night over the tragic death of four young men, who went across the bay to the peninsula on Wednesday and never returned. To-day a sail boat was found bottom up in the bay, with three guns and a satchel belonging to Eyster. To-night the clinker was found near the lighthouse, the bow stove in. The bay is being disgaed and a pair of rubber boots have been found, but no traces of the bodies. The wind was blowing a gale when they started.

Senator Tabor Wins.

DENVER, Col., November 3. The celebrated case of ex-Senator Tabor vs. William H. Bush, until recently his confidential adviser and business partner, for \$30,000 to balance his accounts, has just been concluded in the Superior Court by a verdict for Tabor of nearly \$20,000. In reaching this verdict, Bush's counter claims of \$10,000 for aiding Tabor to procure a divorce, and several others, aggregating \$18,800, were not allowed. The verdict gives general satisfaction. Bush will appeal.

Will Look After the Bribers.

ALBANY, N. Y., November 3. Governor Cleveland has issued a proclamation, calling upon all District Attorneys within the State, and all Sheriffs and peace officers and others, having in charge the execution of the laws, to exercise the utmost diligence in the discovery and punishment of the violators of the bribery acts.

A Material Increase.

BOSWON, November 3. The earnings of the Atchison, Topeka and Santa Fe road for the nine months ending October 1st were \$5,500,000—an increase of 30 4-10 per cent. The Southern Kansas Railroad Company for the same period showed net earnings of \$629,000, an increase of 33 6-10 per cent.

Another Defalcation.

CLYDE, Ohio, November 3. The Clyde bank suspended payment yesterday. The cashier, W. P. Parkehurst, left Wednesday night and had not returned last night. The deposits amount to \$62,700. It is supposed this amount can be made good by the remaining partners, A. Richards and D. A. Harkness.

Don't Like Machinery.

CORUNNA, Ind., November 2. For some time the farmers in this neighborhood, who own self-binding

harvesters, have been receiving letters through this and adjacent Post-offices threatening vengeance because these machines reduced the demand for farm laborers. These threats took the form of incendiary barn burnings this week. Several barns have been consumed already including two last night. One of these was set on fire at 3 o'clock this morning, after the owner had guarded it until 2 o'clock. There is much excitement, and the farmers are forming a Vigilance Committee.

Sentenced—Declined.

CHICAGO, November 3. Ellerny H. Andrews, the clerk in the North Western National Bank, who confessed three days ago to the embezzlement of \$9,500, pleaded guilty this morning, and was sentenced to three years in the penitentiary. George W. Ristine, who was tendered the position of commissioner of the Trans Continental Association, declined the office, owing to the desire of the managers of the railroad interested, for him to make an immediate decision. The managers are now hailing on other candidates.

FOREIGN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

Out of Funds—Expelled.

ST. PETERSBURG, November 3. The latest account from Afghanistan shows the country in a complete state of anarchy. The exchequer is without funds, and demoralized, and the Ameer is a plaything in the hands of the Ghilzais.

Pierce Bedloff, who originated the device of a wreath with broken chains, as one of the floral offerings at the funeral of Furgusson, the Russian novelist, has been expelled from St. Petersburg and placed under police surveillance.

Women on Their Muscle.

LONDON, November 3. Several hundred factory women are on a strike because the proprietors refused to discharge a man in the factory who moved to the Corporation of Londonderry to rescind the resolution granting permission to the Lord Mayor of Dublin to lecture in the City Hall. The women paraded the streets, crying "God save Ireland!" They were attacked and stoned by a mob, which they fought desperately. The police finally dispersed the mob.

A Murdering Nihilist.

DANTZIC, November 2. A man named Pitrowski has been arrested at Dirschau, charged with and confessing to having been sent by Nihilists to murder Bismarck. Pitrowski said he was a Russian actor, that the Nihilists had provided him with money to travel to Dantzig, via Riga, and that his money had been stolen from him at Dantzig. An instrument for injecting morphia and a Nihilist poem were found on the prisoner.

Another Sensation.

LONDON, November 2. A *Pull Mall Gazette* extra, containing a statement that the authorities had been anonymously informed that an attempt would be made to destroy the train on which the Duke and Duchess of Connaught would travel from Dover to London, on their way to India, caused a great sensation.

Rioting in Ireland.

LONDON, November 3. The disorders arising from the hostilities of Orangemen and Nationalists continue, and the breaking of windows is general. A Nationalist was stabbed to-day. Rows and beatings of persons are frequent on all sides; revolvers and other weapons being used.

WESTERN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

Allowed to Come Ashore.

SAN FRANCISCO, November 3. The quarantine officer, Dr. McAllister, this morning allowed the passengers of the San Blas steamer, who have been kept in quarantine on the China, to land. They are all well and hearty, and as 60 days have elapsed since the disease first broke out, Dr. McAllister was satisfied that it was perfectly safe to allow them to come on shore.

Articles of Incorporation.

SAN FRANCISCO, November 3. Articles of Incorporation of the Western Belle Mining Company of Esmeralda county, Nevada, capital \$500,000, were filed yesterday in the county clerk's office of this city. John E. Nest, one of the shareholders, is down for \$4,980,000.

A Trotting Match.

It is reported that the assets of the Rock River Paper Company are double the liabilities, and they hope to have their matters arranged soon.

TELEGRAPHIC BREVITIES.

Arthur B. Johnson was found dead in his office at Utica, N. Y., this forenoon with a bullet hole in his breast. A young woman with whom he was notoriously intimate, discovered the dead body. Deceased had a wife and four children and was a leading politician, being a particular friend of Roosevelt Conkling.

A Card.

William Pinniger tenders his best thanks to his numerous friends, and the public generally, for the very liberal support accorded him in the past, and he begs to inform them that he has again effected a co-partnership with R. E. Queen, at the old stand, and respectfully invites a continuance of their patronage. The new firm has enlarged largely its stock of drugs, chemicals, patent medicines, wines and liquors for medicinal purposes; toilet and fancy articles, etc. The dispensing department is made a specialty of physicians' prescriptions and family recipes, bringing to their already large experience the latest achievements of scientific pharmacy, and are prompt in filling all orders entrusted to them.

At the present rate of increase of patronage, it will not be a year before George Becker will absolutely control this market with his Pacific Brewery beer.

There is no grocery dealer in town who has the confidence of his patrons to a greater extent than J. K. Everett; square dealing is what he has accomplished this.

Lemery & Fontaine will set out their regular turkey and chicken dinner to-morrow (Sunday). Give them a call, it is cheaper than cooking your dinner at home.

A. Frazer at the foundry will buy your old, burned out cooking stove at a price that will place one of Knowles & Bainbridge's nice cooking ranges within the reach of all.

For fear the shop may be full to-morrow morning, you ought to call at Johnny Beiz' this evening for the smoothest shave you ever enjoyed, for you will want to look presentable to-morrow for you don't know where you will go.

Change of Time.

Next Monday the Reno and Susanville stage changes time, and makes its first trip on the winter schedule—two days between the terminal points. The Lassen Ad-venturer says: Stages will leave Susanville at 7 o'clock each morning, stopping over night at Willow Ranch, where passengers will find excellent accommodations, and make the trip through to Reno with daylight to spare. The change in one respect is beneficial—our mails will arrive in the afternoon, and we think with greater regularity.

Looking for Burglars.

Since the robbing of the Storey county treasurer's office, the inhabitants of the sinful village on the hill are taking extraordinary precautions to protect their pilfered ware, jewelry and Carson dollars, seeming to think the men who went through Treasurer Nevins' for several hundred pounds of silver, are looking for heavy plunder. The Enterprise reports all the guns and pistols in town as being loaded to the muzzle, for the benefit of the time-lock sharps.

A Heavy Tax Suit.

In the \$50,000 suit of County Treasurer Pfister of San Jose, Cal., vs. the Central Pacific Railroad, judgment was yesterday given by Judge Spencer in favor of the defendants for costs on pleadings. The defendant had filed two demurrers, which had been sustained by the Court. The plaintiff declined further to amend his pleadings, but will probably appeal to the Supreme Court.

Died of Yellow Fever.

John Murphy of New York, a cabin passenger, and one of the yellow fever patients on the Panama steamer San Blas, died yesterday, at San Francisco.

Deceased was a perfect stranger, but is said to have been possessed of large property in the East.

Gray Convicted.

John S. Gray, ex-Secretary of the Harbor Commission, San Francisco, was convicted last evening on one charge of embezzlement of \$7,000. The jury were out only seven minutes.

Short of Apples.

The high price of apples has induced the Honey Lake people to sell nearly their whole crop to Reno and Virginia dealers, thereby producing a scarcity at home.

THE SPANISH STUDENTS.

A Novel Entertainment Monday Evening.

The next entertainment on the boards is a novel one announced for Monday, November 5th, at the Nevada Theater, to be given by sixteen performers who style themselves the Figaro Spanish Students. A Spanish exchange thus speaks of the troupe: The first concert by the Esudiana Espagnolo Figaro, was given night before last. All that we could say concerning this troupe fails to give an idea of its grandeur and sublimity to those who had the good fortune to hear them. The members of the troupe were elegantly attired in dress that was worn in ancient times by the Spanish students. It consists of a blouse, knee breeches of black velvet, black silk stockings and low patent leather shoes; also a three-cornered hat, gracefully worn on one side of the head, and on one side of the shoulder a cloak. The orchestra is composed of nine bandonias, five guitars, one violin and one violoncello. It is impossible for us to tell how deservedly the artistic merit so happily demonstrated in the execution of such sublime pieces. All we can say is that having heard them, it is impossible for us to ever forget them. The troupe left Madrid in 1878 and altogether have given 936 concerts.

A Full Hand of Dromies.

There are two families living near Galusville, Ga., the members of which are so much alike that many amusing mistakes take place. The heads of the respective households are John and Lane Pasco. They are twins, and look exactly alike. Two or three years ago they married twin sisters, who look and dress exactly alike. The boys built two cottages that look exactly alike, and each lady has a child about the same age who look very nearly exactly alike. All are in excellent health, and recently the whole party drove to town behind a span of beautiful mules that were nearly exact matches. The boys are partners in the mercantile business and are prosperous gentlemen.

What the Agents Say.

A letter was received yesterday morning by County Clerk Flannigham, of Storey county, from the San Francisco agents of the Yale time-lock, such as is used on Treasurer Nevins' safe. The letter concludes as follows: "There can be but one conclusion as to the working of the lock. If it had been allowed to run several years without cleaning it is possible that it was so gummed that it could not work. We hope a thorough investigation will be had. Should you require any assistance from us please inform us."

The Pyramid Mine.

The work in the upraise at the Pyramid mine, for the purpose of intersecting the old works at the 450 level, is being prosecuted with satisfactory progress. Short cuts from the upraise to the edge, at different points, have been made, and the samples of ore thus obtained assay over fifty per cent. in copper and over \$200 in silver. The stockholders are much encouraged, and are confident of developing a valuable property.

Black Banking.

Charley Reed is making Emersons Minstrels more popular than ever. He is as much of a gentleman in private life as he is a wit on the stage. His newest answer to the question of the interlocutor as to his present occupation is that he is teller in a bank.

Excursion Rates.

The General Passenger Agent of the Denver & Rio Grande has informed the Nevada Knights of Pythias, through N. W. Roff of Reno, that excursion rates to New Orleans at the time of the meeting of the United States Grand Lodge of the K. of P. next April, will be made satisfactorily low.

A Sad Day for Prohibitionists.

Newton, the philosopher, surmised that the earth would some time lose all its water and become perfectly dry, which causes the Halley News-Miner to remark: "What a sad day it will be for the prohibitionists when that time does arrive!"

Railroad Ties Burned.

The Elko Independent says, about \$800 worth of railroad ties were burned at that place yesterday morning. The fire is supposed to have originated through the carelessness of tramps, who had been camped near by.

Nothing But Money.

Within ten years, says an exchange, thirty California millionaires have died, and not one of them was distinguished in life for anything but his money. The next thirty who die will be arly described in the same way.

Church Notice.

Rev. Mr. Pratt will preach in the Methodist church to-morrow, both morning and evening. Class meeting and Sunday-school as usual.

Professor Henshaw of the Smithsonian Institute is in Carson, having been detailed to place the Washoe Indian language on paper, a task which he will probably find to be somewhat difficult.

George C. Thaxter and son, and Saffell, of the Carson Guard shooting team, returned from below this morning. Mr. Thaxter carries that beautiful and valuable medal put up by the California Powder Works Company, for the best individual score. He also had his other prize, a \$100, long range Remington rifle.

The Carson Races.

Baldy won the unfinished trotting race at Carson yesterday; time 3:30. Harry B. won the running race, Bell Banta and Snuff Box distanced, and Conquest second. The first heat was a dead heat between Harry B. and Conquest. In the trotting race between Arnold, Sunset and Maud B. Arnold won in three straight heats. The foot race between Neil Clarke and Downie for \$100 a side, was won by Downie by two feet. Downie was matched against an unknown yesterday for \$500 a side.

The Winnemucca Races.

The races of Thursday at Winnemucca, were as follows: The trotting race for all horses that had never beaten three minutes, for \$150 purse, was won by Sheriff Ricard's Redwood; time 3:04 and 3:02. The second race was for a special purse of \$100, mile and repeat, and was won by Richardson's Bill; time 1:50 and 1:51. The last, was a single dash of three-quarters of a mile, for colts, which was won by Gare's Arco; time 1:31.

The Champion Oarsman.

Private advice received at San Francisco last evening state that Hanlan, the champion oarsman, left Toronto yesterday for this coast. He will row at Vallejo and then go to Portland, Seattle and Victoria. The race with Stevenson at Vallejo will be an exhibition race. Stevenson says if given \$250 he will pull so as to make Hanlan row his best time.

Reward Paid.

Constable R. Nash received from Wells, Fargo & Co. yesterday \$600, being their share of the reward offered by them for the capture of the Sierra valley stage robbers. The receipt of so much coin all in a lump, has had the effect of making Dick somewhat exclusive, he knows some of his old friends by sight, but finds it difficult to remember names.

Will Investigate.

Major Wasson has arrived at Port Townsend, Washington Territory, from Washington, with special instructions from the Treasury Department to investigate and report upon the surreptitious landing of Chinese. He is actively engaged in ascertaining facts, and will give an unbiased report.

The Runners Coming.

Paddy Ryan left Salt Lake yesterday en route for San Francisco. J. L. Sullivan, who is expected to arrive December 3, has the Maori, Slade, with him. Jim Mace paid the Maori \$5 per week, while Sullivan pays him \$250 a week.

MORMONISM.

The Defiant Polygamists of Salt Lake.

The New York Daily Graphic is taking a lively hand in the fight to Americanize Utah and put down the remaining twin relic of barbarism. The Salt Lake Tribune says: The number of October 25th contains a full page cartoon "Shall not that sword be drawn?" It represents a hideous old Mormon polygamist advancing on Uncle Sam with a revolver in one hand and a card in the other with the inscription, "I care no more for your laws than I do for you." Five women dangle by the hair from his cartridge belt while under his feet is the constitution of the United States and the prostrate form of slavery. The tabernacle is seen in the distance with the black flag of Polygamy floating from the head, while the stars and stripes trail beneath. Uncle Sam with a scowl on his brow stands before the vile polygamist with one hand grasping the scabbard and the other slowly drawing the sword. In his rear is the army drawn up in line of battle ready to charge the defiant and unclean outfit. It is a telling picture and shows the great heart of the Graphic is on the side of the Republic.

This appears to be only one of a series of cartoons which the Graphic is publishing, and The Tribune takes pleasure in calling the attention of its readers to them.

Wadsworth Notes.

Lack of space prevents the publication of a gossip letter from Wadsworth from which the following extracts are taken: A Plute boy had a close call for his life last night by trying to confine gunpowder in a sand bank "just to see the dust fly when you touch 'er off." The fuse was lit, and when the powder went off it carried away his left cheek.

A stranger giving his name as Theo. Clyn was convicted of obtaining money under false pretence yesterday and was sentenced to 30 days in the county jail.

The Good Templars of this place are conducting a vigorous campaign against whisky guzzlers and are doing much good.

More Victims Coming.

Under the above head the Ogden Pilot says: Information has been received at Salt Lake City that the steamer Wisconsin, of the Guion line, sailed on Saturday, the 29th ultimo, with the last company of Mormon converts, for this year at least. The total number of emigrants of this class for the season is about 3,000.

AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A sufferer from Headache writes: "AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest pills I have ever found. It is a pleasure to me to speak in their praise, and I always do when occasion offers."

W. L. PAGE, of W. L. Page & Bro., Franklin St., Richmond, Va., June 3, 1882.

"I have used AYER'S PILLS in numerous instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. Your DISCIPLES they are invaluable."

Meila, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from Atlanta, Ga., says: "For some years past I have suffered from constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience. Until some months ago I began taking AYER'S PILLS. They have entirely corrected the constipation, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical system.

GENERAL NOTES.

Though there is every probability that California's big trees will maintain its supremacy as the most massive column in the world's forests, it must per force yield the palm of altitude to the Australian eucalyptus.

In the valley of the Watts River, in Victoria, many fallen trees have been measured as they lie on the ground, and found to exceed 250 feet in length. One mighty giant had fallen so as to form a bridge across a deep ravine.

It had been broken in falling, but the portion which remained intact measured 435 feet in length, and as its girth at the point of fracture is nine feet, its discoverer estimates that the perfect tree must have measured at least 500 feet.

Its circumference five feet above the roots is 54 feet. Another gum tree on Mount Washington was found to be 102 feet in girth at three feet from the ground. Its height could not be estimated, owing to the density of the forest; but its next neighbor, which was 90 feet in circumference, was found to be 300 in height.

In the Danang district of Victoria, an alpine leaf gum-tree (*Eucalyptus amygdalina*) has been carefully measured. It rises 380 feet before throwing a branch; its circumference is 30 feet.

Tasmania also produces specimens of eucalyptus which are 350 feet in height, and which rise 200 feet ere forming a branch. One near Hobart Town is 81 feet in girth, and till ten years ago, towered to the height of 300 feet, but is now a ruin.

The question of supremacy is, however, confined to altitude, for the untidy-looking eucalyptus, with its ragged and tattered bark hanging about it in such slovenly fashion, can never contest the palm of might or majesty with these stately cedars, whose magnificent golden-red shafts tower on high like the fluted marble column of some vast cathedral.—All the Year Round.
